

# Maxos fusion

## LL500Z 2xEP CU WH

Maxos fusion Acc. - 2 end pieces - Connection unit - White

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With an electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future layout changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

### Product data

General Information	
CE mark	CE mark
Mechanical accessories	2xEP [ 2 end pieces]
Colour	White
Product family code	LL500Z [ Maxos fusion Acc.]
Operating and Electrical	
Electrical accessories	CU [ Connection unit]
Input Voltage	250 V
Input frequency	50 to 60 Hz
Mechanical and Housing	
Dimensions (height x width x depth)	NaN x NaN x NaN mm (NaN x NaN x NaN in)

Approval and Application	
Mech. impact protection code	IK00 [ No protection]
Product Data	
Full product code	871869637444399
Order product name	LL500Z 2xEP CU WH
EAN/UPC – product	8718696374443
Order code	910925864214
SAP numerator – quantity per pack	1
Numerator – packs per outer box	6
SAP material	910925864214
SAP net weight (piece)	0.081 kg
